CSR

Once you've installed Bradford Black you'll never look back

INSULATION – FOR COMFORT AND ENERGY EFFICIENCY

Insulation is the most cost effective way of making Australian homes more comfortable and energy efficient. Insulation acts as a barrier to heat flow in the walls and ceilings of a home, keeping them cooler in summer and warmer in winter.

By reducing the amount of heat entering or leaving the home, insulation helps homes achieve a comfortable internal temperature with less need for artificial heating and cooling. This makes homes more energy efficient and helps reduce energy bills which is good for the environment and great for the hip pocket.

WHAT MAKES BRADFORD BLACK DIFFERENT?

The first thing most people notice about Bradford Black is that it's white. It's also fluffy and very soft, like cotton wool.

Bradford's innovative manufacturing process gives Bradford Black its distinctive softness and pure colour. Using recycled glass and natural, organic binders, Bradford has created an exciting new premium quality insulation made with renewable raw materials for improved sustainability.

Bradford Black is backed by a 70 year performance warranty from Australia's most trusted name in building materials, CSR.

NOW YOU CAN BREATHE EASIER

Bradford Black is made with natural binders that are better for the environment and exhibit hypoallergenic properties. The product is low in odour, does not contain any volatile organic compounds (VOC) and uses no ozone depleting products in the manufacturing process.

Bradford Black is approved by the National Asthma Council's Sensitive Choice program, making it suitable for use in homes with asthma and allergy sufferers.

PERFORMANCE YOU CAN TRUST

Bradford Black insulation is manufactured in Australia under ISO 9002 Quality Systems and complies with AS/NZS4859.1 'Materials for the Thermal insulation of Buildings'.

Established in 1934, CSR Bradford is Australia's most experienced insulation company. This experience, combined with our world class manufacturing technology, is your guarantee of quality and performance.

INSTALLING BRADFORD BLACK IS CHILD'S PLAY

Bradford Black makes DIY installation easy. Batts are tightly compressed into a lightweight pack for easy transport and storage. The batts retain their shape and rigidity, are low itch and incredibly soft to touch.

BEST POSSIBLE FIRE RATING

Bradford Black is non combustibile* and can even hinder the spread of flames. It achieves the best possible fire rating when tested to AS/NZS1530.3.

*When tested to AS 1530.1

BRADFORD BLACK

R-VALUE	THICKNESS (mm)	SIZE (mm)	PIECES PER PACK	m ² PER PACK	COVERAGE m ²	MULTI PACK	PRODUCT CODE
Wall batts
